- MySQL

HOBBIES

To pass time, I enjoy working on Photoshop illustrations, playing video games (a lot), and wasting my money on tech accessories

ABOUT ME

As a graphic designer my passion for creative freedom and designing is strong and self driven. I have put through industry standard practices as well as been taught the correct methodology during my Design and Development program. I am always looking to exercise my passion for design and creativity while contributing to a great team.

WORK EXPERIENCE

Car Porter + Shuttle Driver | Carter GM

2018-2020

Carefully cleaned interior and exterior of customer cars as well as transported new cars to the airport.

Supervisor | A&W

2016-2018

Handled customer complaints, ensured quality of food and customer satisfaction, and scheduled employee shifts according to their availability.

Store Packer | Canadian Breast Cancer Foundation

2015

Sorted inventory and ensured quality of items as well as helped deliver to stores and warehouses.

PROJECTS

Lead Designer | Steady

A web app designed for self-reflection and cognitive behavioural therapy

Lead Designer + UI/UX Designer | Buzzy Bee

A mobile application that takes your teams schedules and shows you available times to meet. You can create tasks, talk within group chats, and view course information.
